TROPICAL GREEN BUILDING NETWORK
A Far North Queensland Initiative

greenbuild.com.au
tropical eco-building & living

GreenBuild.com.au is a tropical eco-building & living resource and co-operative online marketing platform for the suppliers of sustainable building technology, products and construction services in North Queensland. Our recent 2012 Premiers Sustainability Award is shared with the North Queensland businesses that we promote .

GreenBuild supports the Tropical Green Building Network (TGBN) and sustainable tropical building design, construction, planning, new technology, products and services through collaboration between individuals and organisations in the industry.

FINALIST 2012 Premier's Sustainability Awards

Speed Date!

7th November 2012, Cairns City Library
from 5.30 pm

FREE EVENT

with a Sustainable Architect, Designer & Builder

GREEN BUILDING PRODUCTS ON DISPLAY

7 of some of our best will spend time FOR FREE discussing your building project.
Go through your project up to 7 times with 7 different experts in Sustainability.

Residential or Commercial, in town or country, we have experienced designers, engineers and builders with tropical expertise ready to deliver solutions that work "no strings attached".

Who will be there: **Belinda Allwood**, Total Project Group, Architect | **George Thirkell**, Beachcomber Building Solutions, Building Designer & Structural Engineer | **Ian Teece**, IFCM Constructions, Licensed Builders | **Kent Hams**, Kenick Constructions, Licensed Builders | **Peter Pierce**, mmp Architects | **Sophie Barrett**, Green at Heart, Building Designer | **Tony Lawson**, Building Designer and Licensed Builder. Please **RSVP** to admin@tgbn.org.au or phone 40531274 by 2nd Nov 2012.

Sustainable House Day had a record 1000 people attend homes in FNQ this year. Thank you householders, volunteers, sponsors and champions of sustainable building for your valued support.
