MOVIE COST: Students/concession \$5, Adults \$10

AUSTRALIAN PREMIER SCREENING of BRINGING IT HOME

A documentary about industrial HEMP, healthy houses and a greener future for America

ABOUT THE FILM: A father's search to find the healthiest building materials leads him to the completion of the nation's first hemp house. Hemp with lime is a non-toxic, energy efficient, mildew, fire and pest resistant building material.

BRINGING IT HOME tells the story of hemp: past, present and future and a global industry that includes textiles, building materials, food products, bio-plastics, auto parts and more.
